1. BOS reviewed mail and invoices.
2. Dale reported on the CREA meeting at the CREA barn.
3. Bill Watson of Blaktop came in to discuss an estimate mistake on the paving of Stage Road and School Street. The estimate given to the Town was \$13,237.46 lower than the actual cost of the paving. The mistake was a math error made by Bill on his estimate.
4. Wayne Gray came in to discuss Highway issues. The postal delivery mail carriers gave Wayne a list of mail boxes that they feel need to have the shoulders repaired. The BOS feels it is not the Road Agents job but the land owners to correct the problem.
5. Justin Ranney came in to discuss some Town owned real estate listed for sale. Two properties would be more saleable if they were able to be given a quit claim deed. These were acquired by the Town through tax deed. The BOS will meet Town Attorney to get legal counsel. Justin also discussed the current placement of the generator at the school. It needs to be a minimum of 5 feet from the building. The school board budgeted \$25,000 to move the generator. Current estimates look to be double that.
6. Wayne Gray is progressing on the sand screen. Wayne asked about holding on the old sander and adapting it to put material on the shoulders of the road.
