Re: Information Requested by SAU #6 Study Committee

Date: August 15, 2014

As requested during the August 11, 2014 SAU #6 Study Committee meeting, I have attached:

- 1.) Current copy of the restructuring plan
- 2.) 2014-2015 financial breakdown of the SAU #6 Administration

I have also attached additional documents as an FYI:

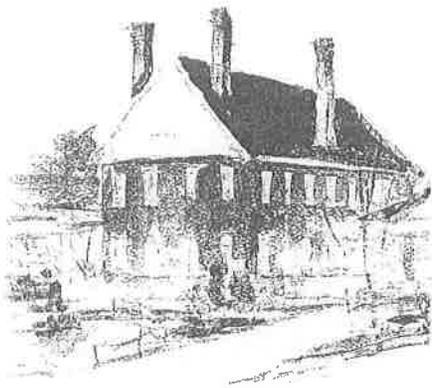

- 1.) Superintendent of Schools Cornish Elementary School 2011 Entry Plan
- 2.) Superintendent of Schools Cornish Elementary School 2011 Entry Plan PowerPoint presentation reviewed by the Cornish School Board and residents.
- 3.) Cornish Elementary School Focus Plan 2012-2016

Three years have passed since I began my position as SAU #6 Superintendent of Schools.

During this period, much of the work has been focused on the evidence gathered during the 2011 entry plan process.

However, as one can imagine, many other events or issues following the 2011-2012 school year have required additional attention far above the initial data listed in my entry plan. This remains ongoing.

I am sensitive to the fact that a committee of residents will have difficulty comprehending the responsibilities a superintendent of schools who works with three separate school districts.

Though my responsibilities may differ for each of the four school boards (Claremont, Cornish, Unity, and SAU #6), my responsibilities, and time, are completed in a planned and strategic manner.

Each recommendation that I become involved with is based on what I have learned, what I have shared publically, and what is approved by the elected school board members.

The documentation I have accrued over the past thirty six months will illustarte my efforts, and commitment, to support the Cornish Elmenetary School.

However, because the five attached documents represent only a very small sample of this effort, and knowing the responsibiltities and timeline the SAU #6 Study Committee faces (per RSA 194:C.2), I need your assistance to clarify how much documentation, and details, you wish to review.

I also want to reemphasize that we need to reach an agreement involving the amount of time, and energy, I devote to providing information to the SAU #6 Study Committee.

I look forward to discussing this with you during our next meeting.

Thank you.

Yours truly,
