Reviewed anticipated budget figures. A few adjustments were made.

Question arose about article related to Trust Fund accounts. Will ask a member of the TTF to attend the Public Hearing to further explain the issues.

A new article was drafted to expend some of the fund balance for a new well for Town Hall, Police and Fire Departments.

It was recommended that appraisal services be put out for bid.

There was a question of backup and security regarding the computer system. The new server will address those issues.

Respectfully submitted,

Ginny Wood
