Topical Reports:

- Monitoring Report (Rickey):
We will wait to monitor until land dries out.
- Education Report (Corey):
 - UVLT Talk was held prior to tonight's meeting and was a great conversation. People came that we sent letters to and showed some interest in having an easement. Concern about cost was brought up, but perhaps we can help with those costs. Approx. 15 people
 - Mushroom workshop: Rescheduled for Saturday April 13th. 20 people cap. \$15 per person to cover Davids fee. Corey will put it in connect cornish.
 - Birding Workshop: Jody Shubert is interested - Rickey talked to her. Saturday Song Birds, every Saturday for a month? All at CREA. 4x, same time. Show up/no reservations necessary.

Corey talked to Mike Monnette - Recycling Center Display

We decided against making magnets as handouts.

Corey & Deanna will make recycling display for Town Meeting.

School District Meeting is March 9th. There was talk of putting a display up for that, but maybe wait until next year.

Upcoming Talks Around Town: Corey mentioned (Elliot Coleman - Real Organic Project) Dartmouth on Saturday March 2.

Rickey brought up the Green Display Boxes.

Corey mentioned that he and Kim would meet to discuss how she would like to contribute to the commission. Corey said he would meet with her and discuss availability and next meeting we will vote on the responsibilities and how to go about it. There was talk of moving the display box at from the General Store to the Recycling Center

Kaya mentioned adding our box to the scavenger hunt that happens in spring; perhaps making it a Geocache to get more people to go to them.

Kaya: has lived in cornish for a year and a half. May want to join the commission. Background in Botany.

The meeting was adjourned at 8:38 p.m. by unanimous vote.

Respectively submitted,
Deanna Fitch
