CORNISH BURIAL GROUNDS

What a vast amount of mental anguish and suffering is represented here in "God's Acre" especially on the part of surviving friends! How many hearts have bled in sorrow! How many tears have been shed on this hallowed ground when dear ones have been torn from families and the earth has hidden them forever from view! It is the "wailing place" for all living, and hence a sacred place, and a profitable place for reflection. Here we may learn that;

"We are the same our fathers have been;
We see the same sights our fathers have seen;
We drink the same stream and view the same sun;
And run the same course our fathers have run;

"The thoughts we are thinking, our fathers would think;
From the death we are shrinking our fathers would shrink;
To the life we are clinging, they also would cling;
But it speeds for us all like a bird on the wing;

"They died! Aye! they died; and we things that are now,
Who walk on the turf that lies over their brow,
Who make in their dwellings a transient abode,
Meet the things that they met on their pilgrimage road."

Be it hereby recommended that the Town do form a Cemetery Department or Association for the purpose of the care and upkeep of the Cornish Cemeteries and that a Caretaker be appointed by the Selectmen each year to have general supervision of all cemeteries in the Town and to employ such labor as is necessary for that purpose.

Be it further resolved that: A fee of Twenty Dollars (\$20) be collected by the Caretaker for all future interments in the Town of Cornish. Said money is to be used for payment of opening of graves and registration of the interment and any remaining sum to be placed in a Cemetery Fund to be used on order of the Selectmen for the general care and upkeep of the cemeteries.

1945

Dear Friend:-

At the last Town Meeting of the Town of Cornish, New Hampshire, the people voted to have a Town Cemetery Association under the supervision of the Selectmen who would appoint one person to act as Sexton of all the cemeteries and who would employ such additional help as would be necessary to take proper care of the cemeteries of the town and beautify them as far as possible using such money as might be available.

Many of the lots in Cornish Cemeteries already have funds invested to insure perpetual care but in many cases where the fund is small the interest is so low that it allows only a small amount of work to be done on the lots each year. It is the desire of those interested in the Association that all persons interested who have relatives or dear friends buried in Cornish be given an opportunity to donate towards this project. No stated amount is asked. That is up to the donor. Any amount from one dollar up will be accepted and a receipt sent to the donor.

The funds received in this way will be used partly for the immediate work on the cemeteries and the remainder will be invested for future use whenever needed. Also a donor may specify which cemetery the gift or proceeds of the gift is to be used in. For instance: a gift might be in memory of some person who was buried in a certain cemetery and would naturally be used in that cemetery.

It is the aim of the Association to make the final resting places of those loved ones more beautiful and well kept and in so doing perpetuate the memory of those who have gone on to their rewards.

Any gifts may be sent to Cornish Cemetery Association.

Very sincerely,

Cornish Cemetery Association.

I am interested in and encouraging better kept cemeteries, but the difficulties involved are readily seen by any one interested visiting our cemeteries with broken and fallen stones, sunken graves in our old cemeteries.

The Town raised \$600.00 last year. We have twelve cemeteries, four of which no money is spent on, that leaves an average of \$75.00 each for the remaining eight cemeteries. After raking leaves and mowing hay once, there is little or no money left for improvements.

The satisfaction of having a well kept cemetery is a living memorial to the departed heroes, founders, prominent and last but not least, just John Doe of our town.

Respectfully,
GEORGE S. GEER, Sexton

16. 18. By request—To see if the Town will vote to raise and appropriate the sum of \$125.00 to purchase a power lawn mower to be used in Town Cemeteries and Parks.

REPORT OF CEMETERY COMMITTEE

1957

Upon examining the problem of having the town's cemeteries eventually become self-supporting, it seems wise to first consider how the present resources could be used to their best advantage. There are at least two possibilities.

(1) To see if trust funds could be re-allocated so they would cover permanent care of cemeteries rather than individual lots. This would solve the present situation where in some funds the interest has been more than sufficient to provide proper upkeep of the lot, and the interest merely accumulates.

It would, of course, be necessary to follow this through on all future trust funds.

(2) To see if the trust funds could be re-invested, preferably as a whole, so as to collect the highest rate available from acceptable places of investment. It is estimated that the revenue from this source could be nearly doubled.

This, as well as the first suggestion, would entail considerable work to contact donors, or descendants of donors, as far as possible and in cases of no heirs, to take the proper legal proceedings.

In addition, the committee considered the advisability of contacting descendants, wherever possible, to suggest a \$100 trust fund for permanent care of cemeteries. This is presented because a few people have indicated their intention of doing so, and others might, if the matter were brought to their attention.

The committee feels at the present time that there would be no advantage in forming a cemetery association, but recommend that a committee of five continue for another year, and that they be given the authority to contact donors, or descendants of donors, or to go ahead with necessary legal steps to carry out the suggestions as outlined above.

1968 Because of the shortage of labor it was thought advisable to buy a riding tractor mower for the Cemetery Department. A Bolens tractor and mower was purchased and the work in the cemeteries was completed quickly and efficiently.

1969 16. To see if the Town will vote to require that vaults be used in all burials in Town excepting cremations.

1969 16a. To see if the Town will vote to purchase a tract of land adjoining the Edminster Cemetery for the purpose of enlarging the cemetery, and raise and appropriate the necessary amount.

1973 20. To see what sum of money the Town will vote to raise and appropriate for fencing the new addition to the Edminster Cemetery.

1979 Article 26. To see if the Town will vote to raise and appropriate a sum of money to set single flag poles in those cemeteries where war veterans are buried in order to raise a single flag on Memorial Day and other appropriate occasions rather than placing small individual flags on the graves.

Article 26A: To see if the Town will adopt a by-law pursuant to RSA 31:39 prohibiting the allocation of cemetery lots within the town except to residents or members of a resident's immediate family.

CEMETERY REPORT 1979

We have cut the brush and cleaned up cemeteries. In addition monuments have been repaired and straightened. We located some stones on unmarked graves. We filled in and seeded those needing it, as well as repaired and painted fences.

1979 There is still a lot of work to be done in all cemeteries to bring them back in shape.

At this time I would like to thank the faithful help and cooperation of all, this past summer.

CLIPPINGS FROM TOWN REPORT BOOKS PERTAINING TO CEMETERIES

ARTICLE 26: Hollis Boardman moved, Val Herod supported a motion to raise and appropriate the sum of \$700.00 to set single flag poles in those cemeteries where war veterans are buried in order to raise a single flag on Memorial Day and other appropriate occasions rather than placing small individual flags on the graves. Edna Guest spoke up against this. Comments also by Clara Weld and Frederic Kingsley. Motion brought to a vote, which was in the negative.

ARTICLE 26a: The Town of Cornish voted, upon motion of Ricky Poor supported by Merilynn Bourne, to adopt a bylaw pursuant to RSA 31:39 prohibiting the allocation of cemetery lots within the town except to residents or members of a resident's immediate family.

1981

ARTICLE 11. To see if the Town will vote to raise and appropriate \$2,400.00 to purchase a new tractor mower with a blade for the Cemetery Department and to trade in the existing tractor mower towards the purchase using \$1,000.00 to be withdrawn from the Upkeep of Cemeteries Reserve Fund, the balance to be raised by taxes.

1981

ARTICLE 11: Hollis Boardman moved, Virginia Colby seconded, that the Town raise and appropriate \$1,500.00 to replace the roadside fence at Edminster Cemetery. Hollis explained the present picket fence is getting rotten, and he suggested a wire-link fence, about 400 ft. long. Ruth Rollins told of parkers on that road throwing empty cans and bottles into the cemetery. The motion was voted on, in the negative.

CEMETERY REPORT 1982

This year started as usual - it took a lot of manual labor to remove the accumulation of leaves and cut fast growing grass to get the cemeteries ready for Memorial Day.

A new riding mower was purchased to do the heavy work and a small one to replace worn out equipment.

The tool house in Comings Cemetery has been repaired. Paul Tewksbury donated funds for the purchase of paint to protect the repaired fence in Edminster Cemetery. Alonzo Spaulding, Mr. and Mrs. Clarence Williams, Ernest Fausse and myself donated our time to cut the trees and brush out of Parsonage Road Cemetery.

As your sexton I wish to thank our townspeople and the selectmen for their help and cooperation.

HOLLIS BOARDMAN, Sexton

1982

(z) Cemeteries: Hollis Boardman made a motion to raise and appropriate \$4,500.00 for upkeep of the cemeteries and Jim Lukash seconded the motion. Hollis thanked Paul Tewksbury for donating paint for the Edminster Cemetery fence. Paul is 75 years old today. Everyone clapped for Paul. Sue Chandler thanked Hollis for doing such a good job on the cemeteries. The motion was voted on, in favor.

1983

The Cemetery Department has painted and repaired the Hearse House and cleared and tidied the area around the vault.

SEXTON'S REPORT 1983

1983

1983 was a busy year. We cut brush and trees, also repaired and painted the Hearse House. We cut trees and brush on the south side of Childs Cemetery. We also cut dead trees and brush in and around Chase Cemetery. I was fortunate to be able to hire good help that were able to use mowers and shovels. Backhoes are hard to hire within our price to dig graves.

I want to thank the help and town officials for all their cooperation they gave me.

(x) Memorial Day - \$300. Jim Lukash and Sharon Atwood moved and seconded that we raise and appropriate \$300. for use by the Memorial Day Committee. In answer to a question, a lot of these monies have to go for buying flags for the service people's gravestones. Motion was so voted.

1984
(y) Cemeteries - \$6,000. Ruth Rollins moved, Charles Aiken supported, that we raise and appropriate \$6,000. for our Cemeteries. Hollis Boardman, Sexton, stood to explain the reasons for the increase. Among these was the fact that he has used a lot of his own equipment before, and some of it has broken and has to be replaced; also a raise in pay for his helpers. The motion was voted on, in the affirmative.

1985
(y) Cemeteries -\$8,000. Michael Newbold moved, Robert LaClair seconded, that we raise and appropriate \$8,000. for our Cemeteries. After a lengthy discussion, in which the Selectmen told of the dedicated work Hollis Boardman has accomplished in our cemeteries and the realization of repair cost, should he not take the job, Sandra Platt moved an amendment to raise and appropriate \$10,000. for the Cemeteries, seconded by Barbara Rawson. After further discussion, the amendment was voted on in the negative. Then the main motion was voted on, in the affirmative.

CEMETERY DEPARTMENT
1988 Report

The Cemetery Department would like to extend thanks to Alonzo Spaulding and Marion Boardman for their helpful advice which made it possible for an easier transition period. Harold Morse was helpful with supplying the lumber for repairing some of the fences surrounding the cemeteries and several other services. Barbara Rawson's assistance with paperwork and her cooperation was also greatly appreciated. The need for a new tractor is nearly imperative as it is getting difficult to get parts for the old tractor and it is in need of constant repair. The man who dug the graves for the Town last year will not be available this year. The new tractor could be used for this and other Town needs.

Article 4 To see if the Town will vote to raise and appropriate up to the sum of \$16,900.00 to purchase a tractor, mower, bucket loader and backhoe for use in the cemeteries.

Article 5: To see if the Town will vote to raise and appropriate the sum of \$2,250.00 to purchase a trailer to transport the cemetery equipment.

1989
Article 4: Fred Sullivan made the motion, Cheston Newbold seconded to raise and appropriate \$16,900 to purchase a tractor, mower, bucket loader and backhoe for use in the cemeteries. Fred Sullivan made a motion to amend and it was seconded by Jill Edson which says to see if the Town will raise and appropriate \$16,900 to purchase a tractor, mower, bucket loader and backhoe for use in the cemeteries and for such other appropriate Town uses and at such rates as the Selectmen and Sexton agree. The main motion as amended was voted on in the affirmative.

Article 5: Cheston Newbold made a motion and it was seconded by Michael Yatsevitch to raise and appropriate the sum of \$2,450.00 to purchase a trailer to transport the cemetery equipment. It was voted on in the affirmative.

CEMETERY DEPARTMENT
1989 Report

The Cemetery Department would like to thank the people of Cornish for the purchase of a new tractor. Not only did it save time on mowing, it made the filling and leveling of uneven ground in cemeteries a lot easier, thus making it easier to do a better mowing job.

We would also like to thank Peter Burling for purchasing material for a new section of picket fence at Trinity Cemetery and to thank Harold Morse for his willingness to help when needed.

Sexton Jack Rock

CEMETERY DEPARTMENT

1990 Report

The summer of 1990 was a good year for growing grass. It seemed that we would just finish mowing and the grass would be up and ready to mow again. However, we did manage to cut some brush and level some sunken graves. We also put up 100 feet of wire fence at the Old Chase Cemetery and 150 feet of picket fence at the Cornish Flat Cemetery. There is still a lot of fencing in need of repair. We cleared a lot of underbrush from the north end of Child Cemetery with the idea in mind of building a safer and more convenient road off and on to Route 120.

Sexton John Rock

CEMETERY DEPARTMENT

1991 Report

Summer of 1991 saw the removal of the stone wall at Child Cemetery and a new road constructed coming out of the Cemetery which will ease maintenance and be a safer access to the cemetery. We would like to thank Harold and the crew for their assistance in completing these two jobs. The new picket fences at the Trinity and Cornish Flat Cemeteries were completed this year.

Because the Cemetery Department does not wish to offend anyone we will not remove flowers, pots, flags etc. before October 1st with the exception of dead and unattended plants. Please have anything you wish to save picked up by October 1.

CEMETERY DEPARTMENT

1992 Report

We had a lot of mowing during 1992 because of more rainfall than normal. The tractor is now four years old but still in good shape and there have been no major repairs yet. This year we replaced the fence at Edminster Cemetery with a new picket fence which required more than 1100 pickets to complete the job.

Because the Cemetery Department does not wish to offend anyone we will not remove flowers, pots, flags, etc. before October 1st with the exception of dead and unattended plants. Please have anything you wish to save picked up by October 1.

Dr. David Watters of UNH, who has done extensive research on gravestone art in the New England area, was guest speaker for the Cornish Historical Society in April. Briefly, and in chronological order, the following synopsis of his speech will illustrate how the historical changes in religious and political beliefs are reflected in the folk art engraved on the stones.

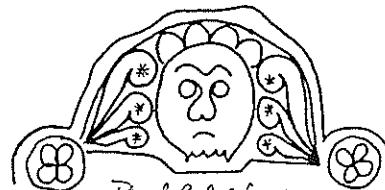

Gravestones first appeared in New England around the 1670s. Apparently, the earliest one found in Cornish is dated 1768. Carvers moved outward from the seacoast towns of Massachusetts and Connecticut, slowly bringing the changing styles into rural areas and developing their own unique images.

These first engravers were influenced by Puritan beliefs: a literal interpretation of the Bible. No purgatory for the soul. It was either up or down, a time of great tension; messages are meant for you - it is too late for the dead. The bodies were believed to be waiting for the resurrection which would come from the east.

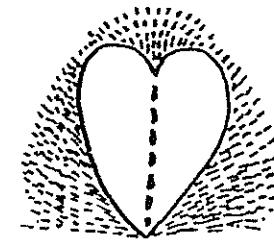

SPIRALS & CIRCLES: represented angels as described in the Book of Ezekiel: the spinning wheels. Chapt. 10

FIGS, POMEGRANATES, LILIES: all true believers will be resurrected in the Garden of Eden.

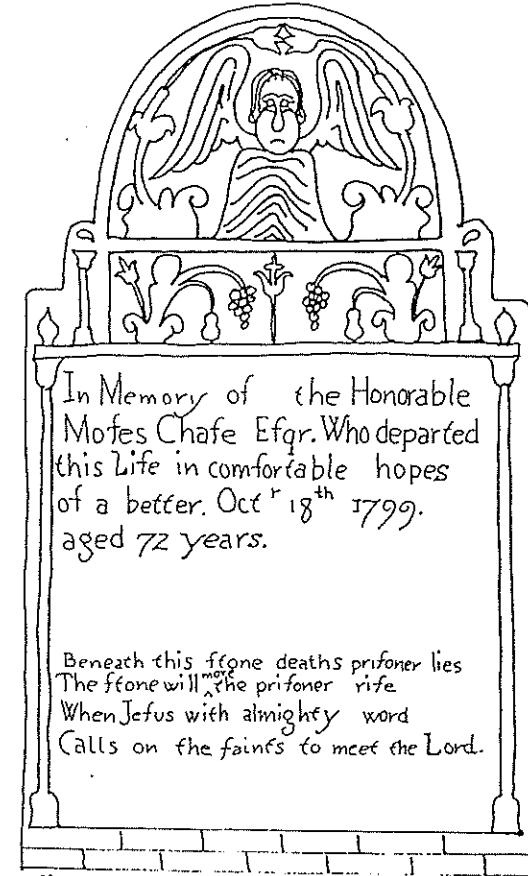

During the late 18th century, New England began to evolve from the Puritan image of itself to an awareness of democratic responsibility. One found immortality through virtuous acts, good citizenship, patriotism, civic affairs, and piety.

by Nancy Wrightmen

1820s and 30s bring changes from death and damnation to the beauties of nature: vines, flowers. Due to a heavenly home, children are to be reunited with families and we begin to see FAMILY PLOTS.

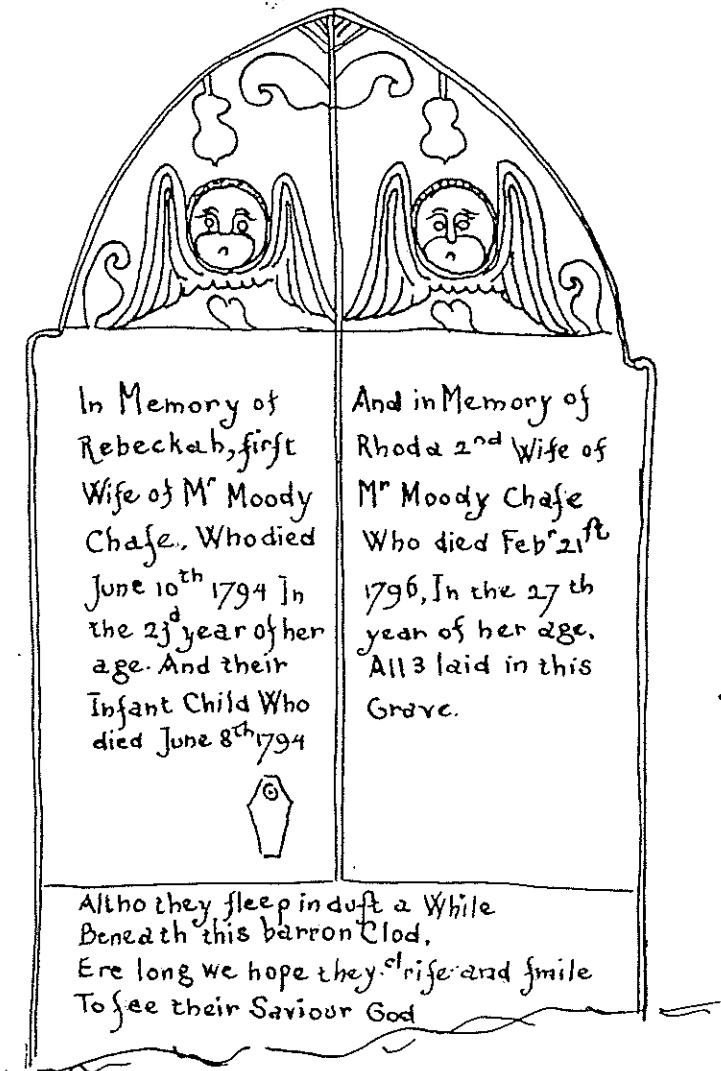

1830s to 50s, Victorian Era.
"Death is but sleep."
POINTING HANDS: "Gone home."

Stones change from gloomy slate to white and bright marble.

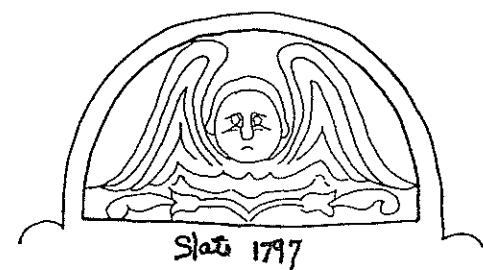

1880s to 90s were influenced by Italian sculpture. Stones are decorated with statues of angels.

The nearest example of this might be the Kenyon Family stones, 1860s - 70s, with intricate carvings of ferns, wheat, and oak leaves in marble.

1920s to 30s. A major change in style begins: tombstones are flat to the ground for the convenience of the lawn mower. Dr. Watters softens that reality with the comment that maybe the scrapbook/picture album has replaced the picnics in the cemetery.

Mariet Jaarsma and I attended this meeting and were inspired to put together this article on the Cornish Cemeteries. After visiting the Chase Cemetery on 12 A, we were overwhelmed by the interesting images, the arrangement of families, inscriptions, and the beauty of these old stones, so decided to work on one cemetery at a time, presenting to the reader a more complete picture of each area in coming issues.

FLAT CEMETERY

In Memory of Miss.
Sally Thomas who died
October 1st. 1813

Aged 44

By the labor of her hands
she had acquired property
amounting to about \$500,
which by her last will
excepting a few small
legacies she gave for
the spread and support
of the gospel among
the heathen.

FERNALD HILL ROAD

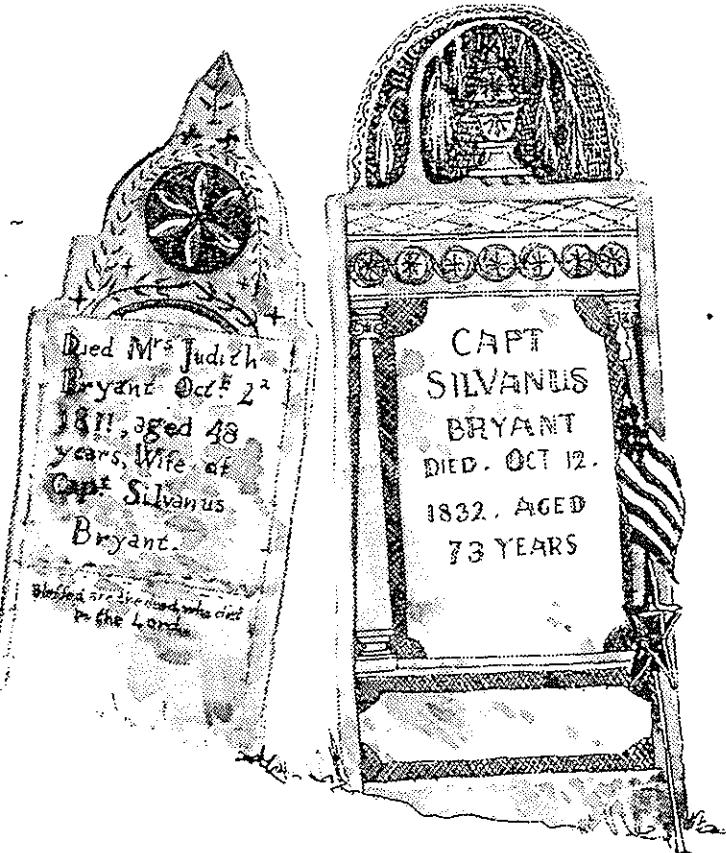

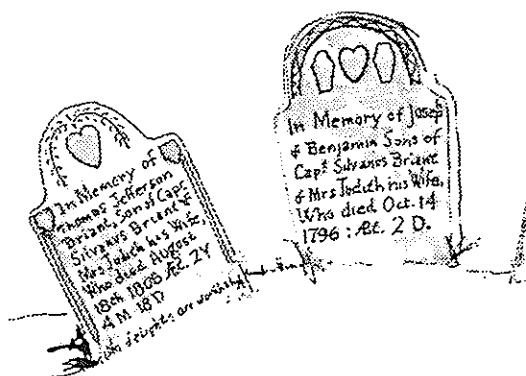

Rough
Draft

Helen Link, who visited once, taught a few tricks on photographing tombstones.

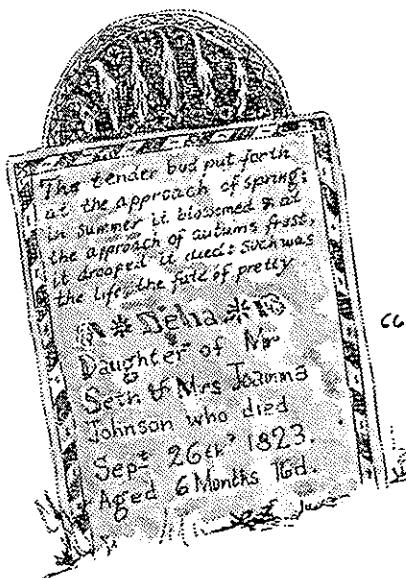

Bring a friend to position a full length mirror so that it casts a strong shadow on the letters.

Rubbings are done best with a good quality bond paper taped on of a black carpenter's wax crayon.

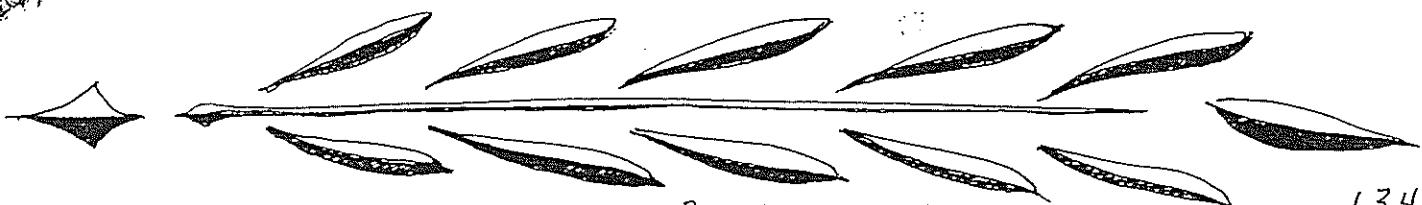

This she learned ~ & more ~ from the American Gravestone Studies Association ~ which she & her husband, Jim, belonged to for several years.

Huggins Cemetery

"On the hills in the north part of town"

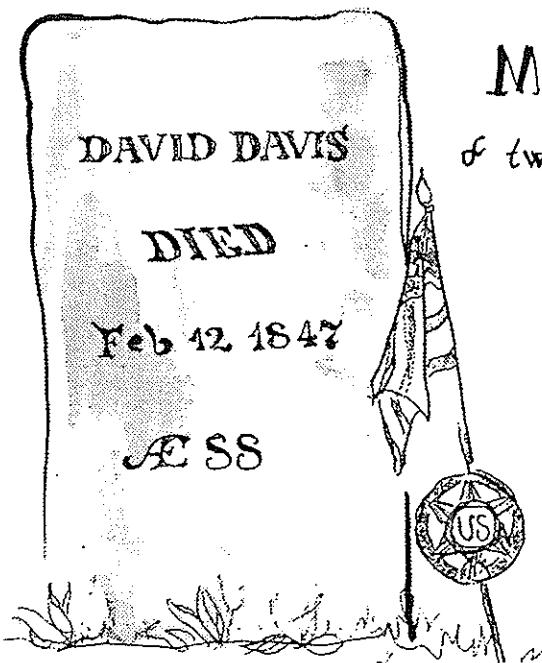

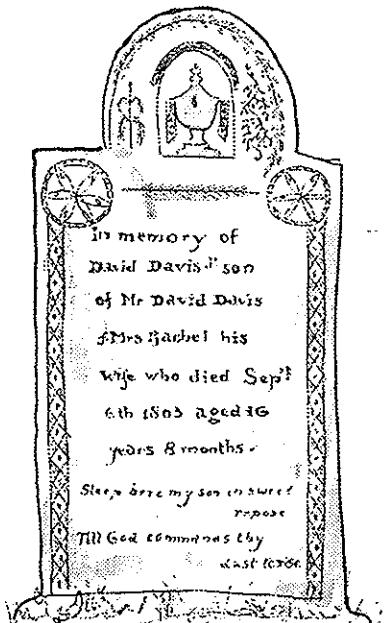

In this cemetery, Mariet Jarsma & I notice that spelling is not important in the early 1800s ~ or as Mike Yatsevitch, who joined us, said ~ "not established." ~

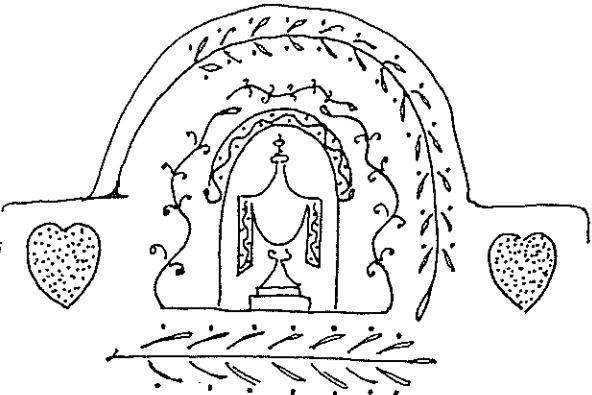

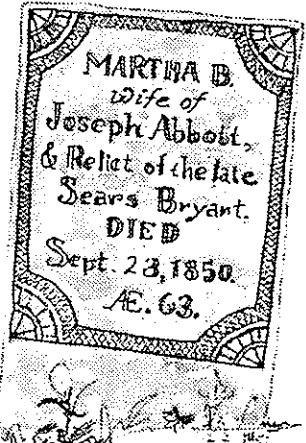

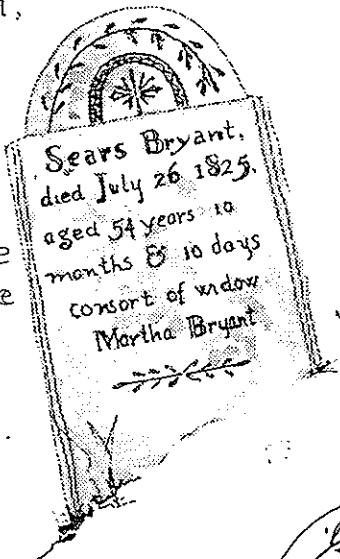

That many died in the fall - August, September, October ~ Mike pinpointed it to September ~ Diphtheria.

And, way in the back, we find the family of Carlos Huggins whose wife & 3 children died within 5 days.

He also pointed out that the Huggins has the largest proportion of veterans in it.

Cornish Flat Meeting House

H.W '86

Completing the history of North Parsonage, we came to the Comings homestead built with the church lumber. It once included a large wing which was removed in the early 70's. On the right is the Newcott house, once the parsonage for the Congregational Church. The parsonage, also a farm, hired a young man, Daniel Davis, who was to build the stone house across from the Fairgrounds known as the "little Stone Jug." The Fairgrounds hold the Town Hall of course, and next to that building is the "Little Town Hall," originally the school house where Dwight and Ruth started the first grade together learning their 3r's from teacher Hazel Deming.

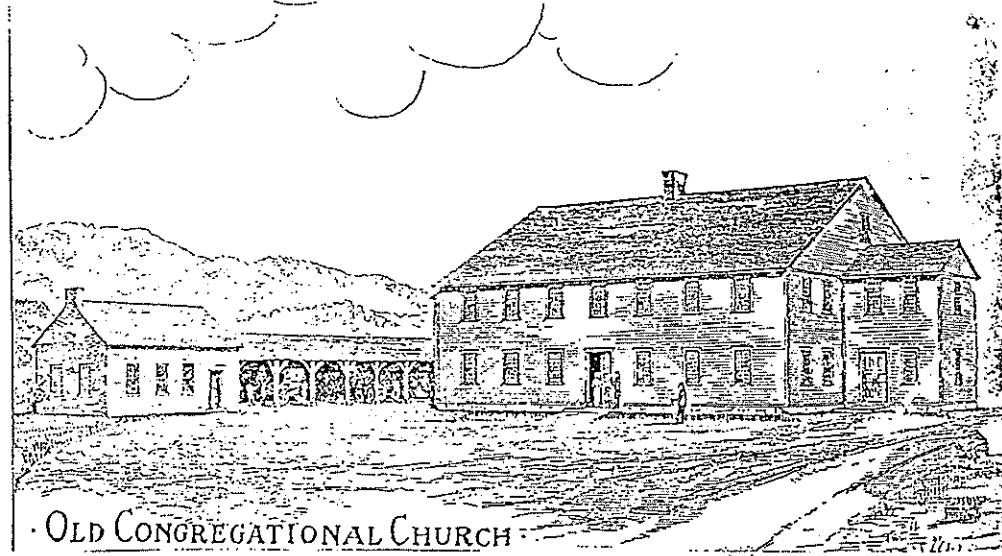

NW

Across the road from the Congregational site, once sat the Baptist Church erected in 1803 and moved in 1818 to Cornish Flat where it sits now as the Meeting House. Along the road there remains about 5 feet of a stone foundation that Dwight said made up the horse stalls. Nearby, another, longer stone wall marked the Comings' farm boundary. This area east of Parsonage Road was the cattle pasture. On the west side were the hay fields - Dwight said the third largest in the area. We passed Bill Durant working in his garden and Dwight remarked how that was the best piece of land for farming. Then we came to the Baptist Church graveyard, the Comings Cemetery, and passed the large old maple trees planted by Deacon Comings. Dwight remembers as a boy hanging 500 buckets in a row during the sugar season. Further south, a road leads back to behind the graveyard.

"I brought my great-grandfather up here in a hearse drawn by horses. He's the last to be buried in this cemetery." The oldest grave is dated 1794.

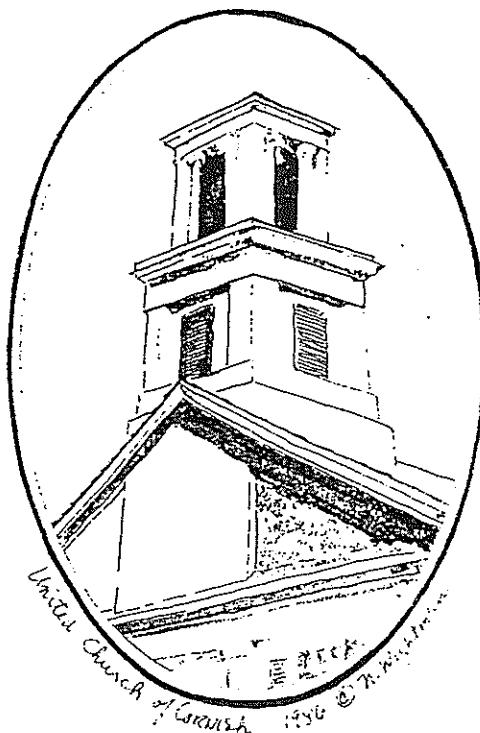

HISTORY OF THE NORTH PARSONAGE ROAD

Child's Cornish History

I have never clearly understood the history of the Congregational and Baptist Churches in Cornish; their pasts strangely intertwine. Dwight Wood, whose mother was a Comings, grew up on North Parsonage Road, knows the area well, and offered to walk it with me.

We started where Parsonage meets Harrington on Smith Hill. Dwight pointed out various landmarks and spoke of their history. We looked for a large stone near the road on the west side, where riders once dismounted their horses on Sundays. This stone marks the site of the Congregational Church erected in 1799: a large church and a very successful one. Charles W. Comings, who died in 1916, told Dwight that he remembered 900 people in that church - they came from miles, from all around. During the 1840's the congregation split. This split is referred to in the Child's Cornish History as "The 'high hills' of separation." They could not agree on a new location. Some went south and built a brick church on Town House Road. Never accepted by the Sullivan County Association, the church later became a Methodist Congregation, then a Unitarian Church for a few years, with a few Episcopal services held there. The Grange took it over in the 1930's or 40's.

The others went north, settling on Center Road and built the Congregational Church which became the United Church of Cornish, a Congregational/Baptist Church.

After this split, Deacon Benjamin Comings bought the old Congregational Church on the hill and dismantled it to build his home - the house that stands next to the town shed property. Built in an unusual way, the house has outside walls formed by laying $1\frac{1}{2}$ " x 4" planks on top of each other, the inside walls with $\frac{1}{2}$ " x 3" planks.

the History of Cornish manners, described.

No trace of the house nor of the farmstead remains

There are, however, several families in the area who claim kinship with the quadruplets. In 1958 Mr. and Mrs. Hinman, with Anna, his wife, came from Canada to visit their remains.

and on the records of the town. Johnson of Antrim, N. H., while visiting cousins, Mr. and Mrs. Charles W. Johnson of Ascutney, Vt., were reported to have driven over to Cornish and the Whitten Cemetery. Their kinship is traced from a great grandfather, Nathaniel Johnson, who settled in Cornish in 1768 and married Eleanor Whitten, born 1777, a sister of the census of 1790 the family

John Whitten and wife, Anna, great-great-grandmother, traces her ancestry to them this way:

Cornish man finds stories as he fixes up old cemetery

By RUTH ROLLINS
Contributing Writer

CORNISH — Cornish resident Edward Jones, who enjoys riding the back roads, recently noticed the Old Whitten Cemetery was in need of refurbishing and decided it was a project he would take on.

The private cemetery on Whitten Road is the burial ground for a family who arrived to settle in Cornish about 1772, moving here from Portsmouth, N.H.

John and Anna Whitten were the parents of 13 children, including quadruplets. They lived just a short while and were buried in this little cemetery.

"These children were named Beautiful, Wonderful, Strange and True," said Emily Johnson Abbott, the great-great-great-granddaughter of John and Anna Whitten. The names were chosen because "it was Beautiful to have the first child, wonderful that there were two, strange that there should be three and true that there were four," Abbott said.

The Whittens' daughter, Eleanor, married Ebenezer and Hannah Johnson's son, Nathaniel Johnson. Abbott, who lives in Ascutney, well remembers this information given her by her grandmother Anna Isabel Lear Johnson and her parents, Oscar and Vera

Tewksbury Johnson.

It is believed that Ebenezer and Hannah Johnson and John and Anna Whitten are also buried in the cemetery, as well as one of the Whittens' sons.

The cemetery has only field stones for markers, with no inscriptions.

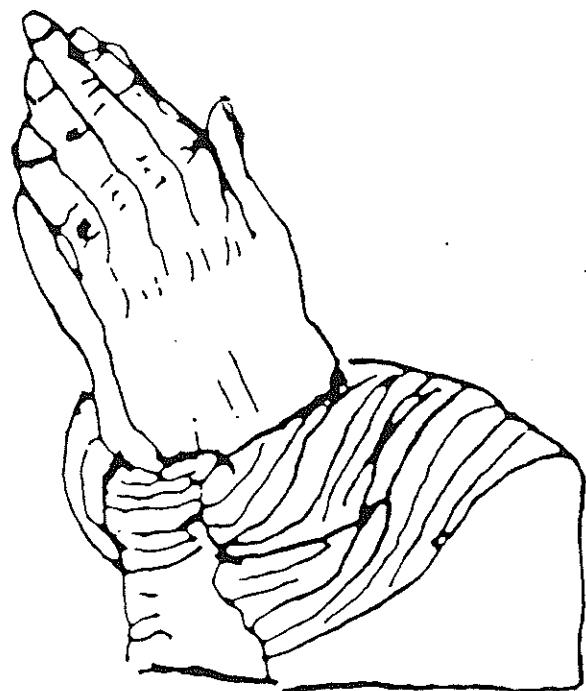

Jones and his wife, Bonnie, worked several days cleaning up trees and brush that had grown in the cemetery, and purchased a split rail fence to enclose three sides. A rock wall fronts the cemetery. They even placed flowers on graves.

A flag was also placed at the cemetery noting John Whitten's service in the Revolutionary War.

When asked why he would take on such a project, Jones said, "respect, we should respect our forefathers. Respect is what it is all about. I thought it would be a nice thing to do. The cemetery was cared for by abutting landowners for years, but for some time no one had worked there."

Several other people think it was a nice thing to do, including John Dryfhout, superintendent of the Saint-Gaudens National Historic Site and descendant Emily Abbott, who took a trip to the cemetery to see the work that had been done there.

Anna Whitten

Ebenezer Johnson

Hannah Johnson

John and Anna Whitten came from Portsmouth N.H. and settled in Town about 1772. They had thirteen children. It is said to be a fact that Anna gave birth to four children at one birth. They lived but a short time. Cornish history has one name wrong. It was Beautiful instead of marvelous. They were named Beautiful, Wonderful, Strange and True. The names were chosen with thought. That it was Beautiful to have the first child, wonderful that there were two. Strange that there should be three. True that there were four. It is believed that Ebenezer and Hannah Johnson and John and Anna Whitten were also buried here also one other son of Anna and John. Ebenezer Whitten daughter of Anna and John Whitten married Ebenezer and Hannah Johnson son Nathaniel Johnson.

Written by Emily Johnson Abbott as told to her by her parents Oscar S. Johnson and Vera Newbury Johnson; and her Grandmother Anna Isabel Dear Johnson. She was the wife of Cole Johnson, son of William P. Johnson, son of Nathaniel Johnson Anna and John Whitten were great Great Grandparents to Emily Johnson Abbott.

The Original Men of Rogers' Rangers

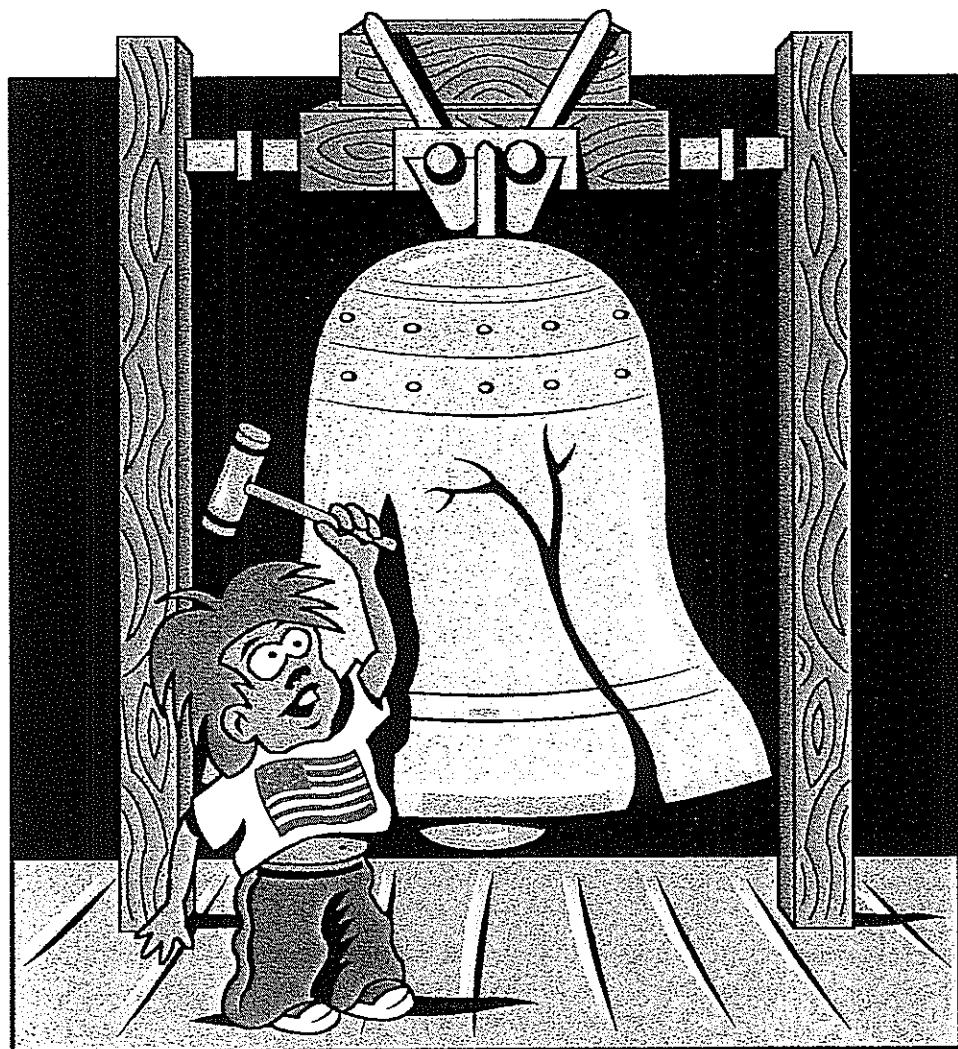

The 27 men below formed the Original First Company of Blanchard's New Hampshire Regiment. The Company was established on April 24, 1755, but Rogers had actually recruited the men several months earlier in an effort to avoid trouble with the authorities in regard to counterfeiting charges. Rogers heard the call to arms and met with Colonel Joseph Frye of Massachusetts, who advanced him money to recruit with. Much to his chagrin, Rogers turned over the men to Governor Wentworth of New Hampshire, and was appointed their Captain. There is a letter from Frye to Wentworth requesting restitution, and a letter from Wentworth brushing Frye's claim aside. Rogers was entered as King's Evidence, and escaped the hangman's noose. In 1755 counterfeiting was a capital offense.

There were, of course, several other companies in the New Hampshire Regiment, but Rogers' was the First Company and acted as the scouts and trailblazers for the rest of the regiment. The Regiment was commanded by the illustrious Colonel Joseph Blanchard, Esq. who was also a judge in the city of Portsmouth, New Hampshire. In the eighteenth century, ranking positions were usually held by esteemed, well to do members of society, in some cases regardless of that person's skill level. Luckily, Blanchard was skilled as well as wealthy.

CORNISH CIVIL WAR VETERANS MEMORIAL

The town warrant of February 22, 1889, for the meeting to be holden on March 12 following, contained the following article: "To see what action the town will take in relation to a soldiers, monument, and raise money therefor."

The same article in substance had appeared in previous warrants, but had been set aside through indifference and opposition of a majority of the town. A goodly number of the minority, however, were in hearty sympathy with the project, and were intent that something should be done. Prominent among these were Joseph B. Comings, Hiram A. Day and William H. Sisson,

the latter a soldier of the of the Rebellion, and the other two, fathers who had each given to their country's cause, a son who had been buried in graves far from kindred and home. These men continued to agitate the subject, making investigation as to resources, etc., and received such measures of encouragement as to induce them to cause the above article to be again inserted in the warrent. At this meeting the article obtained a favorable hearing, the sum of two hundred and fifty dollars was voted by the town for the purpose, and a committee of three was chosen to take the matter in charge, secure further pledges, obtain a suitable design, and make a contract for the construction and erection of the monument. The doings of this committee appear in their report in the town report of March 13, 1890, which is as follows:

"Your committee appointed to raise funds and take charge of all things pertaining to soldiers' monmument, would report as follows: Having a sufficient sum pledged outside of the 'Soldiers Aid Society' money, and the amount voted by the town which in are opinion warranted the making a contract, due, after receiving and carefully considering the proposals and designs of bronze, marble and granite companies, decided to accept the proposals of the Sunapee Granite Co. to erect a monument made of cut granite according to a design furnished by us to be surmounted by a statue of a soldier at 'Parade Rest' said statue to be cut from granite and to be six feet in height above base, model to be furnished by them. The name, company and regiment of all soldiers who died in 'The War of the Rebellion' who were counted on the quota of the town, to be inscribed on the polished die. and a suitable inscription on the base, and contracted with said company to furnish the monument complete above the foundation for \$900.00. The foundation was furnished by the committee, the labor and all expense of said foundation, except the cement used, were furnished by contribution. After considering the different places proposed for location. we decided to accept a plot of ground sixteen feet square and approaches thereto offered by the Baptist Church and Society in the south end of their park on Cornish Flat, and a lease was taken of said plot in the name of the town for ninety-nine years.

"We would at that time acknowledge the obligations we are under to Hon. William M. Evarts of New York, who so generously

contributed toward the expense; and to C.C Beaman, Esq., of New York, who so kindly furnished the design (except the statue), for the monument, and contributed largely towards the expenses, and to both of them and their friends for their valuable advice and suggestions in regard to material, plans and location, and to the citizens generally who have given of their time and money so liberally, and helped your committee make the monument a success."

Korea

Following World War II, the world powers formed the United Nations as an attempt to prevent further catastrophic war. In 1951 the communists of North Korea attacked South Korea; the United Nations sent troops from several countries including the United States, as a "police action." Although the nation was again called to service, the larger portion of her troops was held in readiness within her borders. From Cornish only one man is known to have served during the conflict:

Martin P. Chamberlain—Army; Aug. 1951-June 1953; Bronze Star, for driving ammunition truck at front lines.

TOWN REPORT BOOK 1979

WARRANT MINUTES

Article 26. To see if the Town will vote to raise and appropriate a sum of money to set single flag poles in those cemeteries where war veterans are buried in order to raise a single flag on Memorial Day and other appropriate occasions rather than placing small individual flags on the graves.

ARTICLE 26: Hollis Boardman moved, Val Herod supported a motion to raise and appropriate the sum of \$700.00 to set single flag poles in those cemeteries where war veterans are buried in order to raise a single flag on Memorial Day and other appropriate occasions rather than placing small individual flags on the graves. Edna Guest spoke up against this. Comments also by Clara Weld and Frederic Kingsley. Motion brought to a vote, which was in the negative.
