Q12 What suggestions do you have to make the library better?

| 1 | bathroom | 8/7/2022 10:54 PM |
| 2 | I agree a functioning bathroom is important. The composting toilet has been broken for over 20 years. I am confident in that statement as Emily Cromwell complained to the trustees a NUMBER of times before her daughter Lucy was born. Lucy turns 20 this year. Is it not the responsibility of the trustees to deal with basic maintenance issues? Parking is not an issue. There are more cars parked for the Newton's dance classes than patrons (this includes the ones just parked and using the wifi from their vehicle). If the trustees want to complain about being the "lowest funded library" in the state they should fix it as THEY are the ones who set the budget. Their refusal to do so is almost as confusing as not fixing a broken toilet for 20 years and refusing to accept a donated one from a private citizen. It's an embarrassment how a few select people have made a concerted effort to polarize the town. | 8/7/2022 10:51 PM |

| 7 | Maybe add evening hours. | 8/1/2022 6:48 PM |
| 8 | We have Town Hall for gatherings. I would love to see the current space become a community reference/genealogy/etc. area and get the stuff out of the basement where it can be seen, preserved, and become useful. | 8/1/2022 6:45 PM |
| 9 | Small is good! Keep old library and fix. | 8/1/2022 6:41 PM |
| 10 | I feel Stephanie and others involved with the library have done a remarkable job making the most of a really tight space. I love the idea of a community gathering, resource center with space for meetings, projects, a comfortable spot for reading, tea/coffee and scones, music, expanded children's room, a fireplace/woodstove would be nice...I think the Cornish General Store would be the ideal place for all of this and more. | 8/1/2022 6:34 PM |
| 11 | The Cornish Library is a wonderful resource. I hope they can move to a larger space and become a larger part of the community. Books are wonderful, but libraries are so much more than books. They are the future center of local communities. | 8/1/2022 6:18 PM |
| 12 | A new bathroom with running water. An easy way for everyone to enter the building and enjoy the space. What more do we need!! | 8/1/2022 6:07 PM |
| 13 | I would like to have a local library that builds a stronger civil society through education, meetings, and community events. Many Upper Valley libraries are providing meeting space to many organizations. Also they sponsor events that build strong families, community, and individuals. In addition, I'd like a better and larger collection of nonfiction books and news magazines. | 8/1/2022 6:05 PM |

| 32 | Clearly it's not a visible entity with publicized services since I'd never heard of it or anything happening there, so that leaves a lot of room for improvement. Now that I've heard about it, I understand many aspects of the structure are insufficient to make it a truly valuable community space. While it appears a quaint historic building that should find good use, it seems clear that moving to a better location given the option, especially at no cost to the taxpayers, would be the best choice. | 7/25/2022 8:16 AM |
| 33 | More hours for younger children | 7/25/2022 8:12 AM |
| 34 | Bigger, more available, indoor plumbing!! | 7/25/2022 8:02 AM |
| 35 | Focus on keeping the historic presents of the current building. If we need to build an expansion like what Plainfield did, then so be it. Parking in the street is not a issue here in Cornish. | 7/25/2022 7:41 AM |
| 36 | None. We have several good libraries close by, with no lack of services, and I enjoy the charm of our little library. I think expanding and moving it is more of a burden to the town than an improvement. | 7/25/2022 7:20 AM |
| 37 | The team at the library does a fantastic job and runs a good library despite some of the challenges of the current space. My opinion is that the current building has very real limits, and I think the proposed location provides more room for expanding community gathering and services. It'd be great to have a farmers market on-site Saturdays, job search/career resources and space, more room/time for local clubs (board game night, movie viewing, etc.) ... | 7/25/2022 6:36 AM |
| 38 | Demolition the place and put in a parking lot. | 7/25/2022 5:46 AM |

| 40 | Keep library where it is and make handicap access. | 7/24/2022 9:16 PM |
| 41 | a welcoming, comfortable, attractive space is very important to me, plenty of current books and easily accessed, or available by inter-library loan. The concept of a library/community center is very appealing as a way to be with others in Cornish for small and larger gatherings. Computer access for multiple users is very important, as is the ability to print documents too. An outdoor space would be awesome, a gathering place even when the library was not open. As the world heats up, having a cool place to be while reading or engaging with others would be welcome, and maybe even essential in the future. I prefer a way to gather with others that is educational and fun, and more sustained than just saying hello as one goes in and out of a store. | 7/24/2022 1:29 PM |

| 43 | At least one quiet space for reading, research, general perusal of materials. | 7/24/2022 8:54 AM |
| 44 | I feel that upgrading the existing building is the way to go. Moving the library would be a financial burden down the road for the town. | 7/24/2022 7:17 AM |
| 45 | As "green" as possible: solar, heat pumps, etc | 7/23/2022 5:22 PM |
| 46 | more visible | 7/23/2022 4:10 PM |
| 47 | Stay small. Support the oldest and youngest in town with specific reading needs, only, in the existing building. Almost everyone in town is closer to a big library in Windsor, Claremont, Plainfield or Lebanon than they are to the Flat. Don't waste money on something we don't need. If anything, invest in making the school library available to more people at more times (after school/evenings). There is no demand for a community space like the general store. There are already many options available. No more buildings to maintain, please. We need to take care of what we have. Use the existing library building, when we can afford it, add the septic on the new land from the Newtons and improve entrance access. | 7/23/2022 2:06 PM |

| 49 | Open for more than 3 hours a week | 7/23/2022 11:51 AM |
| 50 | Having not been to the library in a few years I don't know what's changed since I was there; so don't know what improvements are needed. However, the improvements already under discussion (running water/bathroom, accessibility, parking) seem the most obvious to me. | 7/23/2022 11:27 AM |
| 51 | good luck with the current process! | 7/23/2022 8:34 AM |

| 55 | It is a beautiful building. It should be used as the town library. We are such a small town, it makes sense to combine or allow surrounding towns to use it. I certainly cannot imagine dropping or giving up on using it. | 7/21/2022 1:29 PM |

| 57 | More community services like teaching computer basics, crafts for adults and kids, longer hours, senior activities. | 7/21/2022 12:05 PM |
| 58 | In the new technology-centered world, a library offers the place for human interaction. This is important for all ages. Cornish has been known for preserving natural resources, isn't human interaction and sense of community a resource to preserve? It would be a shame to limit the library to 'what it has always been' with the sole effort of saving money. Sadly, this subject is dividing the town and not bringing us closer together. | 7/21/2022 9:49 AM |
| 59 | A few more hours on Saturday afternoons. | 7/20/2022 7:14 AM |

| 78 | For me to go more often | 7/17/2022 2:11 PM |
| 79 | I would love to see more community events and children's chapter books/children's books. My personal collection is more substantial than the library's, which shouldn't be the case the Public Library should be the place to explore new/diverse books for everyone and especially children. | 7/17/2022 1:00 PM |

| 84 | Add appropriate amenities that also stress the history of Cornish ! | 7/15/2022 3:19 PM |

| 100 | I love that this is an important part of our community. If I ever retire I might use more of the things offered but now I have no suggestions. | 7/15/2022 6:23 AM |
| 101 | Access to more books locally more of the time, more space for library and community activities and a bathroom | 7/15/2022 5:37 AM |
| 102 | Computer questions answered. | 7/15/2022 3:11 AM |
| 103 | Making it a community center, with meeting room, projector & screen for public events would be awesome. Also a place to gather for coffee and conversation. Making it a real resource center for learning from both books and educational programs. Bathroom would really help. Thank you so much for working on this! | 7/14/2022 6:19 PM |

| 110 | I'm sorry, I do not know the library yet. Wanted to be Part of the town. Hoping to get the know the library next year. | 7/12/2022 9:49 AM |
| 111 | I think the list of things I consider important is sufficient suggestion. We will be out of town for your first forum. | 7/12/2022 9:04 AM |
| 112 | Please make sure town doesn't overextend budget to make changes in library. It is a very small town and we need to be fiscally responsible. | 7/12/2022 8:10 AM |
| 113 | More current best sellers in fiction and non-fiction | 7/12/2022 6:56 AM |

| 117 | None of note | 7/11/2022 6:44 PM |
| 118 | Although the present library has lovely architecture, it is missing some major needs, parking, water, handicapped access, bathroom and more space. i do not think these can be accommodated in the present building even if remodeled and I think a move to a new repurposed building needs to seriously considered. This year the town budget for the library in Cornish was above that of care of the town cemeteries and I think the town needs to continue to fund the library at a higher level than in the past. | 7/11/2022 6:37 PM |

| 120 | Knock off all the highfalutin, grandiose plans , quit wasting vast sums of money and time with eternal analysis paralysis, endless meetings, trying to cater to everyone's wildest pie-in-the-sky dreams, trying to be everything to everyone, and just make a simple LIBRARY. The time and money you've wasted just so far on this, with no real progress to show for it, is astounding. It certainly proves that anything designed by committee is always a giant mess. | 7/11/2022 3:35 PM |

| 124 | None, I don't use it. | 7/11/2022 11:52 AM |
| 125 | There is no need for either food or drink in any library setting. The hours the library is open seems fairly excessive for the number of people who use it. | 7/11/2022 11:29 AM |
| 126 | I got nothing | 7/11/2022 11:19 AM |
| 127 | The nostalgia of the library is what matters. Keep the old library and utilize what you have- fix it up with the money in the fund. | 7/11/2022 10:41 AM |
| 128 | More space for books and newer books/increased turnover for fiction and art/design/gardening books. A bathroom and 1-2 public computers would be helpful, as would more table and cozy areas to read. A schedule of events or speakers and a gathering space would be nice, but is not necessary since we have other meeting spaces in town. Thank you for all your help and hard work! | 7/11/2022 10:32 AM |
| 129 | Keep it at current location and go ahead with the plan to upgrade with ADA compliance, water & septic since money has been spent to purchase land for septic. | 7/11/2022 10:05 AM |

| 132 | our library staff is amazing! they go out of their way to help! my main concerns are accessibility to the building and keeping the variety of materials up-to-date. | 7/11/2022 9:08 AM |

| 136 | Home/ shut-in delivery wasn't mentioned; with aging population, surprised this wasn't addressed accessibility is becoming a problem for me - those stairs are killers- this is a major problem with current location Thank you all for the work you are doing | 7/11/2022 7:38 AM |

| 142 | Gracefully accept Colleen O'Neill's generous gift, and move the library to the former Cornish Store. All the amenities and space/parking are already there. | 7/11/2022 6:42 AM |
| 143 | Great job recently with local community events being scheduled in the possible new Cornish store location - important to have a gathering space and move to a more modern library concept - community hub - fantastic idea at the exact right time | 7/11/2022 6:39 AM |

We want our residents reading Valley News, Boston Globe, NY Times, Washington Post, etc. Also consider partnering with youth who can intern and help with running library operations and using their skills and talents for generating and accessing local content for the community. Maybe the 7th and 8th graders could help as part of their curriculum. | 7/11/2022 5:49 AM |

| 148 | I do not think there is a need for a new library. Cornish is a small town and a small library is fine for our size. Putting another library in the Cornish Flat will not fix the problem of the library being far for most Cornish residents. In addition, we have many meeting spaces throughout Cornish, we do not need another one. | 7/10/2022 7:09 AM |
