

Weatherize 2023

Save Energy, Save Money, Seal Up Those Drafty Houses!

Brought to you by the Cornish & Plainfield Energy Committees.

**Please attend the virtual LAUNCH EVENT
Thursday, January 19, 2023. 6:30 - 8:00 PM
VIA ZOOM.**

PLEASE [REGISTER](#) in advance!

If your house qualifies, NHSaves will reduce the cost of an energy audit to \$100 and will cover 75% of the cost of weatherizing, up to \$6,000.

Take advantage of these funds while they last.

Other incentives may be available through the Inflation Reduction Act (IRA).

Learn about:

- The principles of weatherization (it's not the windows!)
- The NHSaves program
- What is a free visual audit
- Meet the weatherization contractors
- How to schedule an energy audit for your home
- How soon you should sign a contract before funds run out

As energy costs continue to rise, the smartest thing to do is to insulate your home. The cheapest watt is the watt not used.
